On behalf of the Government of Ontario, I am pleased to extend greetings to everybody attending Kalatheepam99.

This celebration of music and culture is an ideal way to reflect on your history and on your contribution to our province. The quality of life we enjoy in Ontario comes from those who make a positive difference in their communities. Your organization's dedication to providing social and cultural opportunities for former students and their families is an opportunity to share in the rich blessings of tradition and heritage.

Please accept my best wishes for an enjoyable event.
